

HLTAID001 Provide cardiopulmonary resuscitation + Drug Awareness

COURSE SUMMARY

This course has been developed to be presented specifically to high school students and individuals 15 years and over. The Provide CPR course (HLTAID001), or Cardiopulmonary Resuscitation training, provides the skills and knowledge required to perform CPR in line with the Australian Resuscitation Council (ARC) Guidelines. CPR skills should be updated annually and is recommended for anyone who may be required to provide CPR, in a range of situations, including community and workplace settings. In addition, this course will include a presentation from the Police on safe living, driving & partying, as well as a component presented on Drugs – the Good, the Bad & The Ugly – and the effects on your life. This course will be presented to you by a practising on-road Paramedic, who has the skills and experience to answer any questions that you may have.

LEARNING OBJECTIVES

The CPR course provides appropriate training for staff who staff who may require CPR training as recommended by the Australian Resuscitation Council (ARC) Guidelines. The comprehensive course training comprises of practical training plus face-to-face training.

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be evidence that the candidate has completed the following tasks in line with state/territory regulations, first aid codes of practice, Australian Resuscitation Council (ARC) guidelines and workplace procedures:

Followed DRSABCD in line with ARC guidelines, including:

- Performed at least 2 minutes of uninterrupted single rescuer cardiopulmonary

HLTAID001 Provide cardiopulmonary resuscitation + Drug Awareness
